

TRU-STRIP™ PVC Strip Curtains

METALBILT CURTAINS

Cost effective, made-to-measure PVC Strip Curtain Kit.

TRU-STRIP™ PVC Strip Curtains are the ideal barrier against temperature fluctuations, excessive noise, and airborne pollutants in high traffic environments.

OVERVIEW

Our custom, made-to-measure strip curtains are made from heavy-duty, thermally resistant PVC, available in a flat or ribbed style. These strip curtains provide protection from weather and pests while helping with temperature control, saving you high energy costs. Our PVC is able to withstand temperatures from +50°C to -15°C (Standard Temp) and -45°C to +50°C (Low Temp).

Supplied as an easy to install kitset.

APPLICATIONS

The TRU-STRIP™ are suitable for a range of applications including, but not limited to:

- Cold Storage Facilities
- Food and Beverage Manufacturing
- Pedestrian or Light Vehicle Doorways
- Welding Bays
- Warehousing and Distribution

SPECIFICATIONS

- Aluminium header track with optional hygiene cover
- Stainless steel fixings
- Style – ribbed or flat
- Red safety marker strips upon request
- Noise reduction up to 35db
- UV Stabilised
- Kitset supply
- Free from toxic DOP and DEHP plasticiser
- Fire rating – DIN 53 382 Self-extinguishing and inflammable

SIZE

PVC Strip Curtain width:
100mm, 150mm, 200mm, 300mm and 400mm

PVC Strip Curtain thickness:
1mm, 2mm, 3mm and 4mm

TEMPERATURE RANGE

Standard Temp: -15 to +50

Low Temp: -45 to +50

MINIMUM CLEARANCE

Wall Mount: 100mm

Head Mount: 40mm

PVC Options & Header Tracks

PVC Options
