

Tru-Seal™

TS101 Inflatable Dock Seal

Description

TRU-SEAL™ TS101 Inflatable Dock Seal

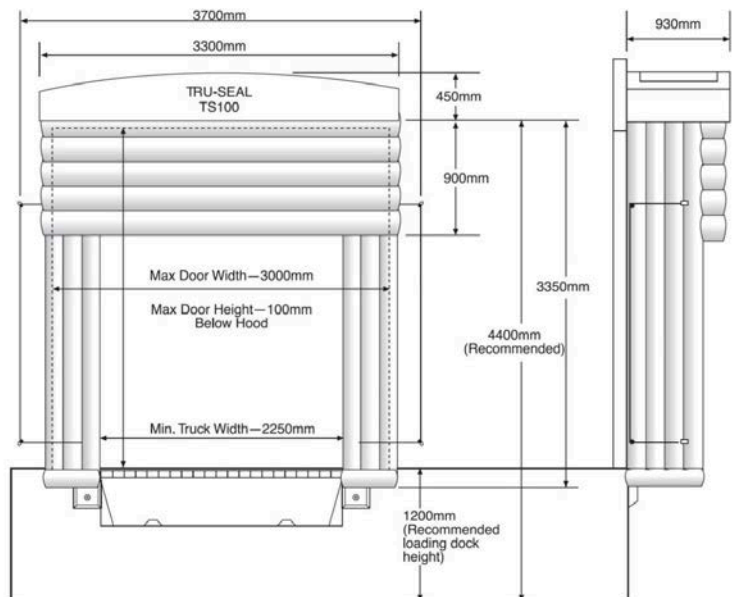

Product Information

Seal your loading environment and save on energy at the flick of a switch with a TRU-SEAL™ Inflatable Dock Seal system. TRU-SEAL™ is one of the most effective and reliable dock seal systems available, providing an inflatable air bag system that suits a wide range of truck sizes. Extremely robust, the TRU-SEAL™ is designed for tough use, while the simple fan-driven system drastically reduces energy loss from temperature-controlled environments and protects against weather, dust, insects and more. Designed to be reliable, easy to use and personnel safe, the TRU-SEAL™ Inflatable Dock Seal is the ultimate in loading dock environment control.

Technical Specification

- Power Supply: Single Phase, 230v, 0.7 amp
- Zinc plated, powder coated hood (Dulux Silver Pearl)
